Board Prexy Predicts Major Statement

Little Britches Rodeo In Happy

A Little Britches rodeo — sans livestock — will be the kids fun at the Happy Days Celebration Saturday afternoon in the Rodeo Arena in Happy.

Kiddoes six years old and under and 7 to 12 years old will compete in barrel racing, pole bending, sack races, scramble races, but no livestock will be used.

The Little Britches rodeo will be held at 3 p.m. and will follow the parade, Oldtimers reunion, barbeque, beard contest and horseshoe pitching contest.

I-27 By-Pass Public Hearing Is Sept. 28

BY MARGO CRABTREE

Specific recommendations for an I-27 Canyon by-pass route will be outlined at a public hearing in Canyon at 7:30 p.m. Sept. 28, according to Charles W. Smith, district engineer for the Texas State Highway Department.

Smith said he would recommend construction of one of the five routes, which has been proposed by the highway department.

"We will announce the route we feel is the best." Smith declared. But he would not release the information until the public hearing, which will be held on the West Texas State University campus.

Six men will appear at the hearing to review route costs, advantages and disadvantages of each route, and various environmental statements.

The five by-pass routes proposed by the highway department will be financed by funds received for an interstate route from Amarillo to Lubbock.

One route would follow U.S. 87 through 23rd Street in Canyon. Another would leave U.S. 87 about 3.2 miles north of Canyon, head to the east and curve around the city about one mile from the Canyon city limits. This is the route endorsed by the Canyon City Commissioners.

A third would leave U.S. 87 at the same spot, and pass Canyon at the edge of the eastern city limits. A fourth route would by-pass Canyon by way of South Washington. This is the route endorsed by the Randall County commissioners court.

The only western by-pass proposed would leave U.S. 87 3.2 miles north of the city and curve through the western portion of Canyon.

Smith stressed full design plans for the proposed routes would not be presented at the public hearing.

Men reporting at the public hearing panel will be Jack V. Light, district design engineer; Ed Timmons,

C-C Directors Meet Monday

Canyon Chamber of Commerce directors will select a slate of eight nominees to replace four board members whose term expire this year at a 7:30 p.m. meeting Monday in the Community Center.

Directors who will leave the board are Dr. Willis Harrison, Jim Christopher, Ralph Mardis and Gerald Warwick. Four new members will be selected from the eight nominated.

Other items on the agenda will be the viewing of a United Way film, discussion of the Interstate 27 loop around Canyon, and selection of a date for the businessmen-new faculty members luncheon.

The annual luncheon honors West Texas State University and Canyon public school teachers.

Carol Glenn, daughter of Mr. and Mrs. William R. Glenn of 2518 12th Ave., appeared a bit frightened, lost and bewildered on her first day of school Monday as a first grader at Rex Reeves Elementary School.

Coordinating Board Meets Here Tomorrow

BY TROY MARTIN

A major policy statement on the future role of the Coordinating Board, Texas College and University System is expected when Chairman Wayne Thomas speaks to its members on the West Texas State University campus Friday.

Thomas, a West Texas graduate, will be keynote speaker for the board's first meeting in this area.

Thomas is a Hereford attorney. He will speak at a luncheon for the 18-member board on the campus at noon Friday.

Thomas declined to take the wraps off his speech but he indicated that it would be a major policy statement. He said it would point the way to possible future functions of the board under the law which established it.

The board meeting will bring a number of educators to Canyon. Thomas said representatives from most of the state's institutions of higher learning will be present.

Plans have been made for some 80 people to attend the luncheon at which the coordinating board chairman will speak. A number of news media representatives from over the state will be on hand largely because of the promised policy statement.

Although the meeting is on the university campus here there is little affecting West Texas State to be considered.

A request by WTSU to convert the old auditorium into class rooms and offices and for other repair and rehabilitation will be discussed.

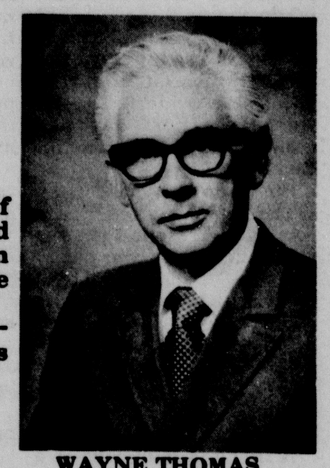

The board will meet at 1:30 p.m. Friday in the Student Activities Center on campus.

Thomas, a past president of the WTSU Ex-Students Association, said all 18 members of the board and their wives will be here.

Board members will be honored at a dinner at Tascosa Country Club in Amarillo Friday evening and will attend "TEXAS" Friday night.

Members of the coordinating board staff will arrive in Amarillo by chartered plane Friday morning and depart by the same means Saturday morning.

Dr. Norma Foreman, formerly with the WTSU School of Journalism, handles public relations for the board.

'TEXAS' Tickets Still Available

Seats are still available for tonight's performance of "Texas," said Mrs. Margaret Harper.

Last performance of the show will be Saturday night, she said, but tickets have been sold out for the Friday and Saturday night performances.

Performance Marks Start Of 'Spain'

"They Came From Spain" will open next Thursday at 8:15 p.m. at the Palo Duro Park Amphitheatre.

Invitations have been mailed for the opening night for special guests, with a Spanish dinner on the grounds. Price for the Spanish dinner and performance will be $10 per person.

The sound and light production written by Mrs. Margaret Harper, will tell the story of Coronado's venture into the New World, with his travels from Mexico to Texas in search of the Seven Cities of Cibola. After reach-

Scrimmage Is Set For Eagles, Snyder

BY BENNY TURNER

The Canyon Eagles will face their first true test Friday night when they meet the Snyder Tigers in a controlled scrimmage at Wayland College in Plainview.

The junior varsity will begin play at 6 p.m., while the varsity will kickoff at 7:15 p.m.

The scrimmage will be controlled and there will be no score kept. "This scrimmage is simply for everyone to play and everyone will play to learn," said head coach Ron Mills.

The Tigers and the Eagles will run very similiar Houston veer offenses. Both teams should use the airways often and will use the option for their running plays.

The Eagles will run their offense from three sets; the I, the Houston veer or pro set and the wishbone. From the wishbone the Eagles will utilize the triple option, from which the quarterback, the tailback or the fullback can run the ball on any given play.

"Our team effort during practice this week has been as good as we could have possibly gotten, "Mills said, "For the first time everyone knew their assignments and we really started looking like a football team. Everything just fell into place."

Both the Eagles and the Tigers mentors will also go on display Friday as both are in their first year at their respective schools and both are facing their first outside opposition.

Chuck Wright will be the

Buffalo Bowl Road Gets Widening Okay

Randall County Commissioners agreed Monday to widen the county road just north of Buffalo Bowl to four-lanes in order to lessen the driving and parking hazards during football season.

The road will be widened 12 feet on both sides and 2300 feet long, and commissioners noted parking area should not be left along the road shoulder.

"We are trying to do away with the parking along the sides because that causes the parking and driving hazards," one commissioner explained.

County road superintendent Carl Baker was also instructed to work on the bridge further east on the Buffalo Bowl road while the crew was in the area.

The commissioners also set the tax rate for 1972 at $1.05 per $100 valuation and set the 1972 budget public hearing during the court meeting.

The tax rate is the same as last year, but the funds have been re-allocated to put more money into the general and jury funds.

Commissioner Bill Butler noted more money was needed in the jury fund to allow for extra expenses under the new jury laws passed recently by the legislature.

The jury fund increased to 9 cents, two cents more than allocated last year. The ge-

Celebration Begins

Happy Rodeo Tonight

Three nights of western rodeos highlight the annual Happy Days Celebration starting tonight in the Happy Rodeo Arena.

An Oldtimers gathering, a parade, barbeque, carnival, beard contest, prizes, and a flea market, will climax the celebration Saturday.

The rodeo begins at 8 p.m. Thursday through Saturday nights featuring bareback broncs, bull riding, saddle broncs, bull dogging, calf roping, team roping and barrel races.

A longhorn saddle will be given away at Saturday's performance, and trophy buckles and added money will be awarded to winners in each event.

Red Whatley will furnish all stock for the rodeo.

The newly crowned Rodeo Queen Becky Via, daughter of Mr. and Mrs. Walter Via of Happy, will reign over the rodeo.

A western dance will follow the rodeo all three nights in the Jaycee Hall. Maines Bros. Band of Lubbock will play.

Saturday's activities begin with a parade down main street at 9:30 a.m. headed by Miss Happy Kathy Bates, daughter of Mr. and Mrs. Adrian Bates and Little Miss Happy Teri Patching, daughter of Mr. and Mrs. Bob Patching.

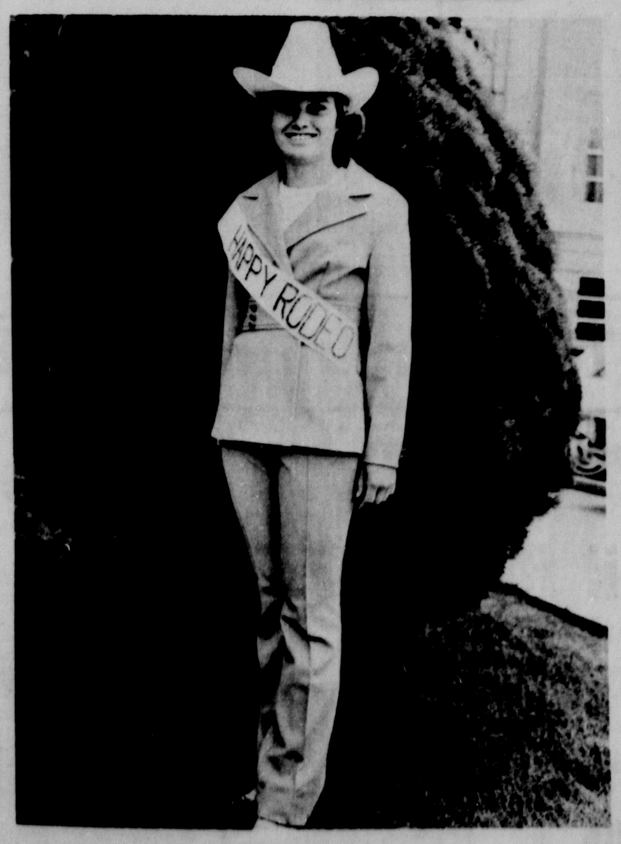

A needle-in-haystack contest for youngsters will be held at 11 a.m. followed by the Oldtimers barbeque at 11:30 a.m. Oldtimers will be served free, and the barbeque lunch for all others will be served at noon for $1 per plate. Alfred Hamblin and Jaycees members will cook the meat.

Oldtimers will be honored at ceremonies at 12:30 p.m. and the Happy Fire Department will give away a mini bike at 1 p.m. Other activities planned for 1 p.m. will be the judging of the beard contest and a horse shoe pitching contest.

A Little Britches Rodeo will be held at the arena at 3 p.m. Saturday for youngsters 12 years old and younger.

A carnival and a flea market will be open all day Saturday.

An amateur steer roping contest will be held at 2 p.m. Sunday in the rodeo arena sponsored by the Happy Jaycees. The Happy Rodeo Association will sponsor the rodeo, and Jaycees will sponsor all other activities.

Becky Via will reign over the Happy Days Celebration Rodeo that begins tonight at 8 o'clock in the Happy Rodeo Arena. The rodeo will last three nights, and a carnival, parade, beard contest, Oldtimers reunion and Little Britches rodeo will be held Saturday in downtown Happy.

75 Vote Absentee

Seventy-five absentee ballots had been cast in the liquor option election as of Wednesday morning, according to LeRoy Hutton, county clerk.

Four absentee voting applications have been sent out through the mail, he said.

Grand Jury Returns 18 Indictments

Eighteen indictments were returned Tuesday by the Randall County Grand Jury and 11 were against Leon C. Horton, 42, for theft by false pretext.

Horton, a Dallas attorney, is being held in Randall County jail after he was arraigned here last month on six counts of theft by false pretext in the disposal of stock certificates belonging to Mrs. Jessie I. Forsythe.

The grand jury handed down six indictments against Horton for theft by false pretext from Robert L. Roberts, and five indictments for theft from Mrs. Forsythe.

They all involved stock certificates belonging to the two elderly people, who disappeared last year. Mrs. Forsythe, 89, and Roberts, 85, are from Dallas.

Horton is being held in lieu of $150,000 bond on the first six counts.

Other indictments include Burton Bradley Reed for theft over $50; Edward Lee Patterson, theft over $50; Lowell Leroy Lincycomb, indecent exposure; Marsha Deane Chapman, theft of edible meat; John Loy Gaffney, theft of edible meat, and Delbert George Miller, fondling.

A seventh indictment was returned against an Amarillo woman who is not in custody for theft by false pretext over $50.

Ed Weeks Dies, Rites Set Today

Final rites for Edward Clifton Weeks, 69, who died Wednesday, will be at 4 p.m. today in First Baptist Church, with LaGrone Funeral Home in charge of arrangements.

The Rev. Bill Foil will officiate the services. Interment will be in Memory Gardens Cemetery.

Weeks had left his home Wednesday morning to cut weeds at his acreage east of B.C. Taylor's Service Station. He died about 8:30 a.m. of a heart attack, Bill Wilson, coroner, said.

Weeks was born Aug. 27, 1901, in Calhoun, Miss. He had lived in Canyon since 1928 and operated a barbershop until about three years ago. He married Mary Belva Whatley in Chillicothe on June 21, 1925. They lived at 1307 4th Ave.

Weeks had been a member of the Canyon First Baptist Church and the Daniel Sunday School class there. He was a charter member of the Randall County Sheriff's Posse. He was also a past member of the Odd Fellows and Moose Lodges.

Among the pallbearers will be R.D. Wheelock, Bill Mayfield, L.S. Johnston and Lon Fanning. The Sheriff's Posse and Daniel Sunday

New Regional Network

Teletype System Okay

Randall County Sheriff's department will be part of a regional teletype communication system which will link area towns with state and national crime information centers.

The decision to accept a new teletype machine — which will cost the county $1 per month less than the old system — was made Monday at the regular meeting of the Randall County Commissioners.

Sheriff L.S. "Slim" Johnston told commissioners when requesting the machine that the county would pay $77 per month rental on the teletype equipment, which compares with $78 per month rental now being charged for the old machine.

Installation charge for the new system will be $115 and the system should be in operation by Sept. 1, according to Ernest Clark, director of the Panhandle Regional Planning Commission.

Johnston explained that the PRPC is sponsoring the regional teletype system which automatically ties all towns in the region together through the teletype network, and will enable each community to communicate directly with Austin.

"With the present system, if Canyon wants to communicate with Austin for information, they must go through the Department of Public Safety," Clark stressed.

Under the new system, the sheriff's department can send a message to one of the regional towns directly or to Austin. If a message is needed to be sent to a town outside the region it will be transmitted to that town from Austin, according to Clark.

The new machine sends messages at 100 words per minute, and messages will be pretyped before being put on the machine.

"This is a private teletype network for the towns involved in the regional program," Clark declared. This will enable the towns to contact other communities and Austin within seconds and get immediate replys, said Clark.

The system will cost around $192 per month for

George Ritter Heads Board

George Ritter, a West Texas State University government professor and former city commissioner, has been named chairman of the newly formed park board commission.

Ritter will head the seven-member board that will develop plans for a new park within the city. Tentative plans call for a second city park in the southeast section of Canyon near the waste water treatment facility.

The board will meet weekly at 8 p.m. Wednesday in the Community Center.

COVERING FUMBLES

by Dean Mitch Jones

I don't dislike the man, but I can't think of anything good to say about him.

by Troy Martin

FROM THE CANYON RIM

Depression is the bitter enemy of creativity and most depression is rooted in guilt feeling.

Most people can ward off the feeling as long as they stay busy during the working hours but when night descends and its time to go to bed they review most of the bad things that have happened to them during the day, the week, the month, the decade and their lifetime.

In some circles this is known as sawing sawdust. It does no good at all. It robs us of sleep which saps our energy the next day and costs us terribly in production.

But we do it anyway.

The brain is a lot like a computer. You can't get out much more than you put in and the output will be of much the same quality as input.

If you feed your brain negative thoughts it will produce depression. Feed it happy and creative thoughts and it will create.

A friend of mine who is a star salesman gave me a formula for avoiding depression and mental fatigue at bedtime.

He says a man should set goals and reduce them to writing. Short term goals should be for a period of no more than one year. Intermediate goals should be for about five years and long-range goals should be for much longer periods into the future.

Put them on a card and read them with concentration just before retiring. Let your mind dwell on these as you fall asleep. He says that if you do this over a period of months he will guarantee a healthier outlook and greater productivity.

I plan to try it.

He is the same man who told me that the best things in life are those you cannot taste, touch, see or smell.

Graham Purcell unabashedly put himself up for the highest bidder. Congressman Purcell said he would run in the district in which he could raise the most money.

He had a choice between the 13th District in which he is paired with Bob Price, incumbent Republican, and running in the 24th District which includes parts of Dallas and Fort Worth and all of Denton.

Apparently the Congressman got the best offer from Amarillo. Anyway, he announced for the 13th District seat Tuesday in Amarillo.

It seemed to me to be bad politics for him to announce that his services were on the auction block. Maybe this is a part of his approach. He certainly is candid and this may impress voters.

Wales Madden called news media to announce a press conference at which Purcell made his plans known.

Purcell's candidacy against Price was one over which he has agonized.

He frankly admits that he may be in trouble if John Connally chooses to team up with Nixon in the forthcoming presidential campaign.

People in Purcell's camp like Madden have always been Connally supporters and Connally supporters are not known for being lukewarm.

Connally has a strong team in the Panhandle, people like Madden and Jerry Kolander who was the secretary's campaign manager here when he made his first successful bid for governor.

My guess is that if Connally chooses to switch parties a lot of these folks will go along with him and candidates like Purcell will be left holding the bag. Purcell is painfully aware of this, thus the agonizing over what to do.

Frankly I was bored with State Senator Jack Hightower's summation of the deeds and misdeeds of the 62nd legislature in his talk last week before the Panhandle Regional Planning Commission., The senator made few points.

The 62nd legislature was a gathering in which those who attended can take little pride.

George Dowlen, our criminal district attorney, unearthed another nugget from the proceedings of that body.

The state penitentary is now equipped with counsels-in-residence for inmates.

These state-paid gentlemen grind out writs of habeaus corpus in ever increasing proliferation for any prisoner who can dream up a far fetched reason that it was society's fault and not his own that he found himself behind bars.

These writs are based on all manner of fancied misconduct by trial and appelate courts.

Of course the penitentiary lawyers can't get loose to come to Canyon to argue a case before the district court here or to go to Austin to argue before the court of appeals. So the state or county must hire on-the-spot lawyers to do this chore.

The state and county must pay the prosecutor and defender — sometimes as many as five sets of defense attorneys — in cases that many times already have been tried before a jury and have made their way through appeals courts.

We want to see justice but isn't this carrying things a little too far.

Dr. Dudley Moore tells a story about a physician friend who used such ingenuity in escaping a traffic citation that if he carries it to the operating room he undoubtedly will rival DeBakey and Cooley.

The doctor's foot was a little too heavy on the accelerator while he was on the way through open country to a football game.

He looked into his car mirror and saw the motorist's nightmare — blinking red lights.

The doctor's brain went into gear. He whipped into the driveway of the nearest house, took his ever-present black bag out of the car and knocked on the front door.

He asked a wondering farm woman if someone there had called a doctor and was invited into the house while they discussed the matter.

The patrol car continued on its way when the lady of the house escorted the doctor back to the door. The doctor went on to the ball game, probably well within the speed limit.

Workouts Start

Workouts for the 1971 version of the WTSU cross country track team began last Sunday according to coach Bob Kitchens.

Robert Malphurs, a sophomore letterman from El Paso, ripped off the best time of the day Sunday with a 22:09 clocking in the four mile run.

"We have more returning lettermen this year than we have ever had before since I have been here," said Kitchens," But we are lacking in depth. Jim Hogan is the only proven distance runner we have."

Hogan, a soph from Buffalo, New York did not arrive in time to workout Sunday.

Sept. 16 the Buffs will kick off their season against Wayland here. The following week the tracksters will journey to Portales where they will compete in a dual meet against Eastern New Mexico University.

Oct. 2 the thinclads will host the WTSU Invitational.

The cross country men will participate in a dual meet Oct. 16 against the Wayland tracksters in Amarillo. Portales will be the site of their next meet as they participate in the ENMU Invitational, Oct. 23.

The WT trackmen will journey to Lubbock Oct. 30 to face Southwest Conference competition in the Texas Tech Invitational.

Nov. 6 will climax the cross country season with the running of the Missouri Valley Conference meet in Denton.

Last year Hogan placed seventh in that meet, which was held in Wichita, Kans. He is the only returning all-conference performer.

Other cross country tracksters on the team are Harvey Hudspeth, a senior from Clovis; Rusty Barrett, a sophomore from Seminole; Larry Brock, a freshman from Sanford; Troy Price, a freshman who was a premier high school sprinter from Lubbock; and Steve Crisp, also a freshman, from Dumas.

Charles Hester Heads WT Corps

Cadet Charles A. Hester will command the ROTC Corps of Cadets at West Texas State University, according to an announcement by Lieutenant Colonel John O. Childs, professor of Military Science.

Hester is a senior majoring in government and is the son of Mr. and Mrs. Charles A. Hester, 2411 12th Ave., Canyon.

Our World

By ANN BROWN

Everyone lives primarily in three different areas: home, church and work. One who has satisfying relationships in all three is a happy person.

One can function reasonably well if one vital area is unsatisfactory. He can exist if two of them are out of tune, but when there is no happiness in any one of the three, he is not likely to continue as a productive member of society.

Everyone has a dwelling place. It may be the open road, a hotel room or a spacious house in the suburbs. But any of these may or may not be a home.

Home is a refuge, a sanctuary where one feels welcome and comfortable. One may find comfort, relaxation, and joy alone in a shack. He may be lonely, tense, and miserable in a mansion — accompanied by a charming companion and brilliant children.

Others are the mirror in which man sees himself. If he is surrounded by people who see him as being of value, he values himself — and vice versa. (If one's friends do not make him feel of value, perhaps he should change friends.)

If a man has a wife who admires and respects him, and obviously enjoys his company, children who adore him, and a house where he feels free to entertain his family and friends, he has a home.

The Ft. Worth man who killed himself in his $165,000 mansion evidently found life of no value. Now there is suspicion that friction between his survivors may have burned that mansion to the ground. He had a house — but no home.

Any man who feels his only function is to pay the bills, and his family is happier when he is not at home, has no home — just a dwelling place.

One who does not have a church affiliation or does not participate in the one he does have, usually tries to fill the void with work, sports, or recreation; some even resort to spiritism or demonology. Nothing, however, can fill that God-shaped vacuum except the Holy Spirit.

But even the man who has fellowship with God still needs fellowship with other members of God's family. And just as a good relationship with other members of one's physical family is essential to happiness, one needs satisfying relationships with his spirtiual family.

The number of churches lacking unity and fellowship is appalling. The cause, of course, is lack of love for God and for one another; the Holy Spirit is the only source of such love.

Members of dying churches usually blame the pastor; the pastor blames the members, and weak are destroyed by the friction.

If a man works in an environment where his co-workers respect him, and obviously appreciate his efforts, he can be happy even if he does not enjoy the work. And a well-adjusted person can usually discern whether or not the work is compatible with his talents.

One can expect friction occasionally in every area of life. If, however, he is embroiled in constant turmoil, it would be wise to consult a competent counselor for an objective evaluation.

If one's problems are of his own making, a change of churches, jobs, or whatever, will not help; he will only take his troubles along.

Time is what life is made of; it's sin to waste it. And spending time in misery is the worst kind of waste. If one had a broken leg, he would seek professional help; emotional turmoil is far more painful.

The unhappy person should check the three vital areas for the source of "infection," and make whatever change is indicated. If the problem proves to be himself, he should try to correct it before the psychiatric ward has to do it for him.

G.B. Ritchie Services In San Antonio

Funeral services were conducted Wednesday for George B. Ritchie, 81, who had lived in Canyon four years.

Mr. Ritchie died Monday in San Antonio, where he and his wife had lived for four weeks.

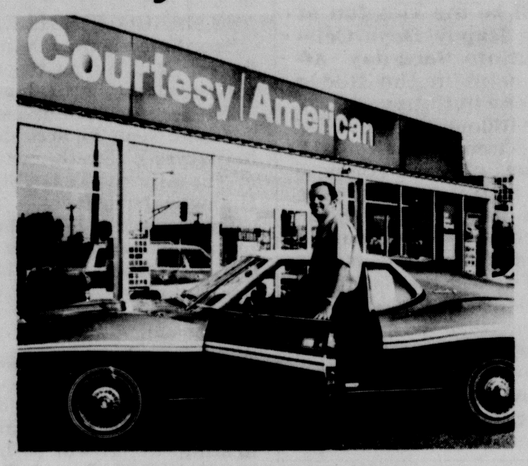

Final rites were conducted in San Antonio and he was buried in the Sunset Memorial Park there.

Mr. Ritchie had lived in Stratford as a young man, and was a retired civic service employee. He was married to the former Esther Rudolph.

Mrs. Houston Bright of Canyon, niece of Mrs. Ritchie, attended the services.

Survivors include the wife of San Antonio; four son, Wilson S. of Colton, Calif., Cecil C. of San Antonio, Glen E. of Campbell, Calif., Malcolm L. of Dayton, Ohio; daughter, Mrs. Floy Parsons of Independence, Mo.; brother Edward D. Ritchie of San Antonio; sister, Mrs. Ruby Well of Fowler, Colo., 11 grandchildren and four great-grandchildren.

"If it came to it, I'd rather have stalks and T-E Liquid Feed Supplement than wheat."
Says Carl Chandler of Tulia, Texas

Mr. Chandler has been feeding T-E Liquid Feed Supplement for three years. Last year he ran 80 mother cows and 70 calves on grain sorghum stalks, from October through February, with T-E Liquid Feed Supplement fed free choice.

With one animal per ten acres, and salt fed free choice, the average daily consumption of supplement was 1.3 lbs. per head.

Rate of gain for his calves was 2 lbs. per head per day.

When Mr. Chandler takes his cattle off stalks, he puts them on grass. And he keeps T-E Liquid Feed Supplement out year-round. Because, says Mr. Chandler, "The cows just do better and my calf crop is larger."

SUSAN DOLLE

Teenagers who belong to the Umbarger CYO proudly held an open house last Sunday in their new headquarters. The club has remodeled the basement of the parish hall and converted it into a games center. Featuring pingpong and pool tables and a stereo, the room will be available to the youngsters anytime.

Starting last October, the teenagers used their spare time to panel and paint, carpenter and wire. Funds for the project came from a garage sale and dances; the parish council contributed by paying for an acoustical ceiling. Rev. Matthew F. Schafle stated that one thing remaining is an awning over the outside entrance to the basement.

During the open house, the CYO displayed a plaque which will be hung in the center; the inscription says work was done by group with the assistance of Don Dolle, club moderator. Members of the remodeling committee included Andy Wilhel, Susan Lindeman, Charles Stoker, and Edward Artho; all members assisted in the effort, however. Mrs. Sylvester Batenhorst said her daughter Patricia was asking every weekend and extra day in the summer if she could work for a while at the center. Robert Friemel serves as president for the group. Meetings are held twice monthly; one is a business meeting and the other is a games night.

Mr. and Mrs. Allen Hicks of Romero, New Mexico announce the birth of their first child, Chad Allen, born Sunday morning, August 22, and weighing 7 lbs. 11 oz. Grandparents are Mr. and Mrs. Bill Hicks and Mr. and Mrs. John Wieck.

Visiting Mr. and Mrs. Max Hoffin this past week was their youngest daughter, Louise Regan. She and her two children were here from Huntington Beach, Calif.

Mr. and Mrs. Bill Gerber celebrated their 36th wedding anniversary Sunday with their ten children all at home. A family picture was the highlight of the day. The children include Mrs. Pat Mulloy of Dallas, Mrs. Jerome Friemel of Hereford, Sharon Gerber of Houston, Mrs. Jim Wieck, Tom, Glen and Bill Gerber all of Dalhart, Linda and Don Gerber of Amarillo and Kenneth of the home.

Have you driven down to Buffalo Lake since the rains? It is a lovely place once again; everything is green and the grass is tall. The water level is not breaking any records, but it looks mighty wet to the winter guests that are already flying in. Paul Ferguson, refuge manager, said that pintails, teal and blue wings have begun appearing.

He also said that campers and picnickers are welcome; there is no charge at the gate. Roads are graded and camping areas are mowed. (I even saw some firewood already cut.) Come on down for some fun fall outings.

Cleta Club Selects Officers

Cleta 4-H Club met for its annual meeting recently at the Farm Bureau Building in Canyon.

David Hinders presided at the business meeting. Chris Wilkinson led the group in the Pledge to the Flag and Randy Dugan led the 4-H motto and pledge. Sharon Hinders presented the Inspiration. Gary Reynolds called the roll and read minutes of the last meeting.

Officers elected for the next year are Gary Reynolds, president; Chris Wilkinson, vice president; Sharon Hinders, council delegates; David Hinders, secretary-treasurer; Randy Dugan, reporter; Kim Wilkinson, parliamentarian; and Ricky Dugan, photographer.

Mrs. Nancy Wilkinson and Bill Dugan were elected to serve as adult leaders.

Cindy Kay Dugan, Robert Gist and Lannie Wilkinson were accepted into club membership.

Members present at the meeting were Cindy Kay, Randy and Ricky Dugan, Robert Gist, Rhonda and Rod Hales, David and Sharon Hinders, Gary Reynolds, Chris, Kim and Lannie Wilkinson. Adults present were Mr. and Mrs. Bill Dugan, Mr. and Mrs. R.B. Gist, Mr. and Mrs. Richmond Hales, Mrs. Earl Reynolds, Mrs. Nancy Wilkinson.

Rhonda and Rod Hales served as hostess and host.

Buffaloes Battle In First Scrimmage

West Texas State's Buffaloes will go through their first full scrimmage session of the fall Saturday afternoon in Buffalo Bowl.

After the opening two days of practice in pads, head coach Gene Mayfield is still pleased with the general progress.

"We have so far to go, it is just a pleasure to be started on the road," he said. "The general attitude has been fine to date and the players have done all that we have asked of them."

Several strongly contested battles are being carried on for starting berths. The offensive backfield, where the Buffaloes have little experience, has three battles.

Quarterback Ed Holwig has nailed down his berth as the starter, but Louis Jarrett and Ron Leach, a pair of sophomores, are in a race for the backup berth.

Billy Pritchett is in front of the pack for the tailback berth, but is getting competition from Sophomore Roosevelt Jackson from Kress. Rusty Tucker, the only letterman among the running backs, is getting a tough battle from sophomore George Crossman. Mark Semkew and Mike McCullough are in strong competition for the other halfback berth.

Several players along the offensive line are playing well this fall. Dewayne Sexton is making a battle out of the center's berth with James Hankins. Greg McCoy, Steve Jones and Gary Ruston are all performing well at offensive guard.

Willie Walker and Joe Fiola are in front of the other tackles at present. David Land, a transfer from Clarendon Junior College, is battling Aubrey Warren for the tight end berth. Veteran Daryl Wynn and sophomore Carl Brown have been impressive in early drills at split end, although Wynn has been slowed with a shoulder injury.

Coach Jerry Behrens says all of his defensive tackles — David Denny, Manuel Gomez, Robert Jensen, Bill Trisiciani, Larry Wiens, and Jim Carlin — have been working hard. Thomas Tate, Walter Hibbler, and Thomas Costello are presently the top defensive ends.

Windy Williams and Larry Matthews, at the outside linebacker berths, and middle linebacker Bill McKinney have been impressive thus far in drills, but several other players, including Willis Haws and Joe Brock are making moves.

In coach Leldon Hensley's defensive secondary, the top players have been safeties Mike Hrncir and Daryl Carr and corner backs Ron Willingham and David Jones. Hensley has been impressed with the early showings of Dwain Nauert and John Grigsby.

Tennis Coach Captures Title

David Kent, head tennis coach at WTSU, captured the mens singles, junior veteran division, in the Dallas Open Tennis Tournament Sunday in Dallas.

Kent upset Bill Lust of Tyler in two straight sets, 6-3,7-5, in the finals.

Lust had won five consecutive tournaments and was top seeded in that tourney.

Kent was seeded third.

Couple Visits With Daughter In Hurst

Mr. and Mrs. Conway Kuykendall visited the past weekend with their daughter and son-in-law, Mr. and Mrs. Al Reaves in Hurst.

Rreaves has just received a master's degree from North Texas State University in Denton. He has been accepted to work on a PhD degree in physiology at the University of Illinois, with a teaching assistantship in the biology department. He is a great nephew of Mrs. A.A. Clark and Mrs. Cecil Briggs of Canyon. Mrs. Kuykendall has been employed as a computer programmer for Bell Helicopter Corp. at Hurt. She has been accepted in a position with similar work at Busey First National Bank at Urbana, Ill.

The couple plans to move at the first of September.

BEWARE OF BUGS AND BEES

Modern sprays and repellents have cut down enormously on the harm caused by bees, wasps, ticks, chiggers and other such creatures that abound during the summer months. However, stinging monsters still take their toll with barefooted and barely clad children.

Use a good repellent, we have many in stock regularly. Apply prior to summer outings. Try to wash with soap and sponge with alcohol as soon as you come back. Quickly treat any sting with a soothing lotion or ointment. We stock them. If it is unusually severe and swelling, consult your physician.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

Purple Passion Week? That's For CHS Eagles

Purple Passion Week — that is Canyon's answer to pushing football ticket sales for the high school Eagles.

An ice cream social at 7:30 p.m. Monday at the practice field will be the kickoff for the week-long sales campaign being conducted by the Eagle Booster Club members.

Players and coaches will be introduced at the meeting Monday night and head coach Ron Mills will demonstrate offensive and defensive patterns.

Under the direction of Jim Curtis, club president, individual Booster Club memberships will be sold for $2, and organizational memberships will be sold for $25.

The Booster Club will sponsor the free ice cream social, which is being held to organize the group and begin the ticket sales promotion.

"We are interested in getting all persons involved in the Booster Club," said club vice president Col. John Childs.

He noted that a booster club membership and five reserved seats to the home games can be purchased for only $10.

The reserved seats will sell for $1.75 each. The bench seats will go for $1.50 each.

"The reserved or chair seats will be sold exclusively by the Booster Club," Childs declared. "The other tickets will be available at the school or from the club members."

He explained the main objective for the money collected through the club will be to support the athletic program and to boost attendance to all sports. The club also sponsors the annual All-Sports banquet each spring.

Childs said the emphasis for the club will be to promote all sports sponsored by the Canyon school district.

"We want to get parents involved who have boys playing basketball, golf, track or football — any and all sports," Childs concluded.

Westfall Accepts

Bobby Westfall has been hired as new golf professional for the Canyon Country Club and is expected to report for duty about Sept. 7, said Dr. Robert Burton, president of the country club's board of directors.

Westfall was hired following action of the board in a special board meeting Sunday. He was given a total contract Burton said, and will be responsible for the care and keeping of the golf course and supervision of the club house and swimming pools. He will also give lessons and conduct tournament, Burton said.

The golf professional is presently at Lorenzo Country Club. He is married and has three children.

Gene Howe News

BY PAULINE HEFLEY

Many thanks to Troyce Mulherin for the fine job she did in filling in for me while we had an excursion downstate. Also, thanks, Troyce, for your kind words, and I'm putting that particular copy of the by-line away to perk me upon a "poor" Polly day."

Well, we Hefley's four had a delightful trip. Left here and motored down to big Quanah and spent the nite with my folks, the Leo A. Elliotts, then on to Cowtown. Spent a fun day at Six Flags Over Texas, visited some dear friends in Dallas, then down to that fabulous city in Texas-Houston, to visit with relatives then back to Cowtown to again visit with dear friends. While in Fort Worth we were able to spend a fascinating evening at the Colonial Country Club watching the 10th Annual Colonial National Professional Tennis Tournament. We saw such notables in the tennis world as Arthur Ashe, even got his autograph, Rod Laver and Ken Rosewall from Australia, Tom Okker, Ismail El Shafeie, Nicki Pilic, and others. For those of you who are not tennis buffs, these gentlemen are the top-seeded players from all over the world and probably the only one missing was John Newcombe who was unable to attend.

Speaking of tennis, we have some lovely ladies in the Gene Howe area who recently completed instruction from John Phillips of the Missouri Valley Conference fame (our ace from West Texas State University and Coach David Kent's pride and joy). They are Von Dean McGregor, Lyda Freeman, Betty Cox and Ellen Wallace. Word has gotten back to that they play tennis better than any other sport — and I ain't gonna elaborate on that.

Happy Anniversary to Mr. and Mrs. James Gibson.

Happy Bithday to Kitty Eudy — ya'll remember that sweet Kitty that used to work for our fearless leader, Mr. Lawless, and is now down at Canyon High.

Lawrence, Joan, Sarah, Jane and Laura Taylor just returned from a trip up Antonito, Colorado. Lawrence's brother and his wife, Eric and Sheryl, joined them for the camping out, etc. They were also joined by two skunks which did their thing, and a bear, which that gallant Lawrence got rid of with a flashlight — just shined it on the bear and he promptly departed. Then Jane toodled on back to Denver with her aunt and uncle and had the pleasure of her first plane trip home. By the bye, a big Happy Birthday to that spiffy Jany Taylor.

Flash Flash — are you in a position to help out with the Girl Scouts at Gene Howe? Mrs. B.J. Ormsby called to say she is in desperate need of leaders for Girl Scout troops or someone to help lead a troop. If you've not done this before — never fear — Mrs. Ormsby says there is plenty of leadership training available. So, here's an opportunity to get involved in a truly worthwhile venture. Just call Mrs. Ormsby at 655-3478 and let your desire be known.

Happy Birthday to that stalwart citizen, Judge Woody Pond.

Mrs. James "Doris" Nash has her sister, Mrs. Marjorie Dunning and daughter, Nan, visiting with here from Arlington.

Happy Birthday to Darla Carthel. Dick and Beth Balke motored over to Ardmore, Oklahoma, to pick up Kyle and Kirk who had been visiting with Beth's folks, J.B. and Mildred Posey. And a happy seventeenth anniversary to the Balke's — that Beth is sporting a lovely new ring and is getting arthritis in her hand from carrying the rock around — seriously, it is beautiful and I'll bet Beth would be glad to show it to you.

Happy Birthday to Roy Forehand.

Ran into those beautiful, vivacious, charming Wakefield sisters at the donut shop — that is Darlene Campbell and Raydelle Palmer, if you didn't recognize Wakefield. Darlene reports she and Kelli and Darla motored down to the Diamond W Ranch around Kirkland to visit with her brother and his wife, Wayne and Ernestine Wakefield. Had a good time — swam in a water hole, picked mushrooms, etc. Raydelle reports that Donnie had "open arm surgery" (little play on words there, Raydelle) and is convalescing nicely.

Happy Birthday to Valorie Freeman who celebrated her 11th last week with dinner at Shakey's Pizza Parlor and joined by Sherrie McGregor (better known as Jerry around the Freeman household.).

Gotta go now, remember — If you get to Heaven before I do — pinch a little hole and pull me through!....PMH

Students To Register Today

With freshman orientation nearly completed at West Texas State State University, freshmen and seniors will register today in the Activities Center.

Sophomores, juniors and graduate students will register Friday, and evening class and late registrations will be at 8 a.m. Saturday.

Students are required to register and pay fees in persons, according to Dr. Donald Cates, dean of admissions. Registration permits, WT identification cards and social security numbers must be presented at the time of registration, he said.

Information about the school, organizations and hints on studies will be presented to the new students at the orientation sessions Friday. The Student Activities Council will be present to answer questions.

News Briefs

Mr. and Mrs. Roy Durden and children, Chris 5, and Kim, 17, spent a week in Denver, Colo. and a week camping out near Pitkin, Colo.

Durden, woodwind instructor at West Texas State University, attended a national clarinet clinic at the University of Denver.

"It rained everyday, but we caught our limit of fish every day," Mrs. Durden said of their camping expedition.

Norbert Stutzle, left, and Joachim Birkle, right, are pictured with Elizabeth, 2½-year-old daughter of Mr. and Mrs. Eduard Schmutzer, host couple for the two German students' month visit to Texas as part of the Lions International exchange program between Texas and Germany. The visitors will leave Monday to return to Germany.

German Exchange Students Enjoy Month Spent Here

BY JERRY MONTGOMERY

A month's living in Texas has gone by too quickly for two exchange students from Germany.

Joachim Birkle, 24, and Norbert Stutzle, 22, are ending a month as guests of Mr. and Mrs. Edward Schmutzer as a part of the Lions International exchange program between Texas and Germany, arranged by Kenneth Waugh.

The two decided they could not tell what has impressed them most about "life in these United States," but they did like the "wide countryside" of Texas. "You can see for miles and miles," Birkle mused.

But the miles and miles of Texas were not the only sights they have seen. They just returned Monday from a week's vacation to Colorado, Utah, Oklahoma, Arizona and New Mexico with Dr. John Alpar, Amarillo ophthomologist.

Both agree that Texans are a very friendly people, although Stutzle agreed that they may not have had an opportunity to see if fellow Americans are just as friendly.

Another impression — "Everything is so small in Europe and so big in Texas. The big ranches are very interesting."

The young men are a part of an exchange program which has been operating several years, in which young people from Texas and Germany spend a month as exchange students, they said. "I think it is very necessary to have a program like this, Birkle said. "The European culture is very connected to the American culture and it is good for the students to get to observe these things."

Both visitors are studying economics at different universities. Birkle is a student at Zurich University in Switzerland. Stutzle studies at Kiel University about 18 miles north of Hamburg.

Universities studies differ between the United States and Germany, they said. German universities are not so specialized as here. Many fields of study require seven years to complete in Germany, including chemistry.

The educational systems are very different, the boys agree. When children start school in Germany they have four years of primary school and nine years of what is termed Gymnasium. Drug problems are increasing among students.

Birkle and Stutzle attended a few classes at West Texas State University and spoke to a couple of classes. Birkle would like to study here, since they were not able to understand a few of the terms used in the economics courses here. "But I found when the instructor explained it that I really knew what he meant, but the, what do you say, the technical words I could not understand. Americans are good in economic theories."

Off on a tangent about credit cards, Birkle observed, "I've heard that a lot of Americans are going bankrupt because they can't pay their bills." The credit card system of America is very interesting to the two, who found they could not offer one of their German cards as payment for anything over here. They make it very difficult to get credit cards in Germany, they said.

Birkle became a bit of a cowboy while staying with the Schmutzers, riding the Schmutzer's horses a little, but Stutzle is not that fond of horses. Birkle bought a cowboy hat in Amarillo to keep the sun off his head and says he probably won't be able to use it again until he comes back to America. Which he definitely wants to do. "I like it very much and would like to stay another month," he said quietly.

Birkle and Stutzle will be leaving Monday to return to Germany, but both expressed a desire to return perhaps next year to America.

What the students have seen or done in Texas has not been as important as what they have observed. They seem to have stored up every little bit of information and impressions to take home with them. After all, they came "to make friends and observe America."

Floydada Team Wins In Pony Express

Floydada Sandhills team won the sixth world championship arena pony express tournament to take home the Traveling Saddlebags, chalking up nine wins and one loss in the races.

Second and third place teams were Childress, 8-2, and Lubbock 7-3. Other ending statistics are Tulia, 6-4; Plainview, 6-4; Midway, 5-5; Crowley, 4-6; Floydada, 4-6; Rolling Hills, 3-7; Blue Boys 2-8; and Taylor County, 1-9.

First and second in the ladies team races were Lubbock, 2-1; and Crowley, 1-2.

Mrs. Betty Brown, who teaches business at Canyon High School, won the one-half beef given away during the tournament.

R.B. Allen, of Dallas, president of the American Association of Sheriff's Posses and Riding Clubs, was at the races Friday and Saturday to dedicate the new sheriff's posse arena southwest of town.

Jim Plain is executive vice president of the Association.

News Brief

Mr. and Mrs. Jim Childers left by plane Monday for Boston, Mass., where they will attend the biennial meeting of the First Church of Christ Scientist.

The couple will also visit friends in New York City and Washington, D.C., before returning home. Childers is employed by Childers Electric and attends Amarillo College. Mrs. Childers is an assistant mathematics teacher at Amarillo College.

NOTICE OF PUBLIC HEARING

The Texas Highway Department will conduct a public hearing on September 28, 1971, at 7:30 P.M. in the West Texas State University Activity Center at Canyon Texas for the purpose of discussing the route or corridor for the construction of Interstate Highway 27 from the Swisher County Line North to approximately 13.0 Miles South of Interstate Highway 40 in Amarillo.

The proposed improvements will consist of the construction of a controlled access, multi-lane freeway with interchanges with major thoroughfares on a minimum of 300' of right-of-way.

Maps showing the proposed corridor routes that will be displayed at the public hearing, together with any other available information about the proposed project, are on file and available for public inspection and copying at the Resident Engineer's Office in Canyon, Texas or at the District Office in Amarillo. Also, maps have been placed on file with Randall County and with the City of Canyon.

The State's Relocation Assistance Program, the benefits and services for displacees and information concerning the relocation assistance office will be discussed.

Tentative schedules for right-of-way acquisition and construction will be discussed.

Environmental studies have been made and are on file and available for inspection and copying.

All interested citizens are invited to attend this public hearing. Written statements and other exhibits may be submitted to the Resident Engineer's Office, but must be received not later than 10 days after the public hearing.

OFFERS FOR COMMUNITY ANTENNA TELEVISION FRANCHISE

Sealed bids addressed to the City of Canyon, Texas, will be received at the City Hall until 5 p.m., October 7, 1971, and then publicly opened at 7 p.m. in the Canyon Community Center for a Community Antenna Television franchise.

Plans, specifications, and bidding forms may be secured from the office of the City Clerk at City Hall.

Make Your Bedroom Come Alive with Superb... Castillian II

LEA INDUSTRIES, INC.

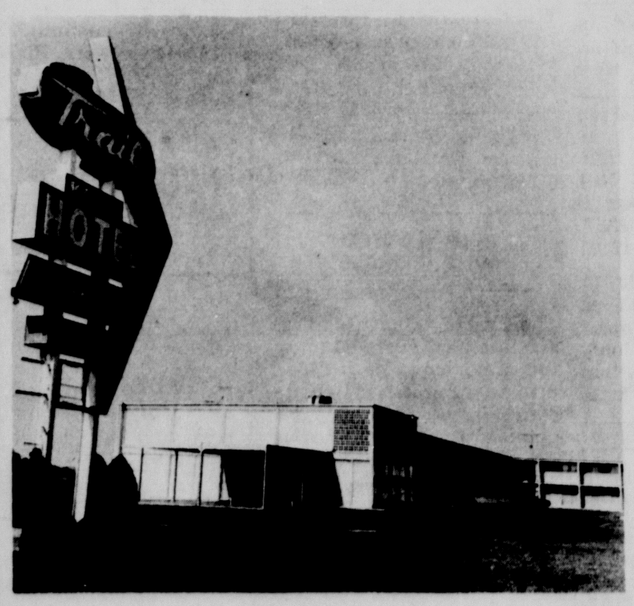

With this distinguished new suite, your bedroom achieves all the richness of the Mediterranean mood. Note the handsome carved look...large stirrup pulls in antique brass finish...massive corner posts in a graceful rope design of hand-turned wood ...lustrous, eight-coat finish in glowing golden oak. Typical of the quality construction of this suite are the center-guided, dust-proofed drawers, with fronts of solid oak and polymer carved inlays. All tops are of solid oak. Castillian II is a suite tastefully ornate and massively proportioned with centuries-old elegance.

O'Donald Found Guilty

A Randall County jury deliberated 35 minutes Tuesday before finding Frankie O'Donald, 26 years old, Canyon, guilty of grain theft.

Judge Gene Jordan set O'Donald's punishment at 6 years in state prison.

O'Donald was represented by Charles Fairweather, Amarillo attorney. Prosecution was handled by Criminal District Attorney George Dowlen and Dick Dambold, his assistant.

The state paraded five witnesses including one who said he helped O'Donald take grain from Randall County Feed Yard and sell it at a local elevator.

The defense produced no testimony.

O'Donald specifically was charged with theft of grain sorghum from Bruce Lusk the night of Dec. 1, 1970. Lusk is manager of Randall County Feed Yard.

R.E. Hudgens, employe at the feed yard, testified that he helped O'Donald take grain sorghum from the feed yard the night of Nov. 28 and again the night of Dec. 1.

Testimony from Bob Caldwell of Consumers Fuel & Elevator Association, Lusk, Sheriff L.S. Johnston and Deputy Sheriff Ray Tinsley linked O'Donald with theft of grain from the feed yard.

In testimony for the purpose of fixing punishment, Sheriff Johnston said O'Donald was previously convicted of hog theft and given three years probation.

On the stand in this segment of the trial, O'Donald, father of three children, admitted having participated in theft of more than $12,000 worth of grain from the feed yard.

O'Donald's wife, Connie, 24, also is charged with theft of grain from the feed yard as is Hubert Wiley, 39, who gave his address as 2612 Twelfth Avenue in Canyon at the time of his arrest.

Mrs. Weyman Brown, president of Canyon Study Club, presented a check for $250 to Miss Marilyn Kerr, sophomore at West Texas State University. The club presents a scholarship check each year to a Canyon High School graduate who plans to attend WTSU. This is the second year Miss Kerr has received the scholarship from the Canyon Study Club, with the amount being increased $50 this year. Miss Kerr is the daughter of Reavis Kerr.

Cook Sees Apollo Launch In July

BY JERRY MONTGOMERY

Dr. Hollis L. Cook was one of a million and a half persons who watched the launch of the Apollo 15 from the distance of several miles.

Hollis, head of the mathematics department at West Texas State University, and 5,000 others were gathered about three and a half miles from the launch pad inside the Cape Kennedy area and waited for two and a half hours for the launching in hot and humid temperatures.

Cook was participating in a study of innovative curricula, sponsored by the National Science Foundation, he said. He attended briefings on the space program at Nassa and was invited to stay over for the launching.

The program began July 22 with briefings by Jack House, program director for the Rover Project. The group also heard briefings by North American Rockwell and Chrysler engineers and toured Nassa facilities. They also toured the assembly building for the Apollo spacecraft.

The 5,000 spectators inside Cape Kennedy premises included 500 foreign news media representatives, numerous high officials, 12 United States senators, congressmen and governors, Dr. Cook added.

"We didn't see as much as if we had watched it on television and we weren't nearly as well informed as if we had watched it on television," Dr. Cook said.

It took the goup two hours to drive the distance of 15 miles from the launch pad returning to Nassa headquarters because of the heavy traffic. The million and a half spectators were on the outside of the Cape Kennedy gates.

During the launching the spacecraft was visible for about three minutes while the first stage burned out, Dr. Cook said. "There were no unusual sound waves or other phenomena produced that we could detect, due to the deflectors around the spacecraft that diverted the sound waves and vibrations," he added.

8 Injured In Wrecks

Eight persons sought medical aid this weekend as results of two separate early morning accidents on U.S. 87 in the Canyon city limits.

A Memphis, Tenn., couple was released from Neblett Hospital at mid-week following a 2 a.m. two-car accident Saturday at the north end of town on U.S. 87.

According to Canyon police, the car driven by Mrs. Virginia Banks Jean of Tennessee was struck from the rear by car driven by Larry Gervaise Waite of Dumas. The Jean vehicle hit a railroad pillar in the center median causing front end damage to the car.

Mr. and Mrs. Jean were taken to Neblett Hospital by LaGrone ambulance, and Jo Evelyn Dunnels of Canyon, a passenger in the Waite car, and Waite were treated and released from the hospital.

Four persons were treated and released Sunday morning following a car-truck crash at 1:25 a.m. at the corner of Fourth Ave. and 23rd Street.

A truck driven by William Dale Calhoun, 21, of Graham, was travelling south on U.S. 87 and a left hand turn was being attempted onto Texas Highway 217 when the truck collided with a car driven by Ray Donnell Fuller, II, 20.

Treated and released from Neblett Hospital were Ginger Currie of Tanglewood, Julie Coffman of Canyon, Travis Dean of Amarillo and Fuller. All were passengers in the Fuller car.

Passengers in the Calhoun vehicle were Patty Simpson of Canyon and Coy Noles of Midland.

In their attempt to find this new location, they spent many weeks on the plains and sometime in the tule in the Palo Duro Canyon (according to Herbert Bolton who retraced their route).

"They Came From Spain" reveals the Canyon as it awaited the Spaniards in a section called "The Creation", Mrs. Harper explained. It describes their journey on a film and in live action and in sound and lights, develops the story of the exciting things that happened while they were in this location, she added.

The permanent improvement fund dropped two cents to 7 cents from last year's figures, and the courthouse and jail fund lost a penny per $100 valuation to 14 cents. The road and bridge special fund remained at 15 cents and the lateral road fund stayed at 10 cents.

The proposed 1972 budget shows a beginning balance of $389,509.32 and estimated receipts of $1,028,396.25. Expenditures are expected at $1,166,970, leaving an estimated balance of $265,935.57.

The 1971 budget began with a balance of $509,602.02 and estimated receipts of $989,602.02. Estimated disbursements totalled $1,040,388 with a balance of $458,214.06.

In other action Monday, commissioners instructed Baker to advertise for bids for gravel and asphalt to repair county roads. They agreed Baker should determine which roads have priority for repair.

They took no action on a plat approval for a subdivision north of Canyon.

Lions Club Holds Carnival

Lions Club is holding a carnival this week on Highway 87 across from Rex Reeves Elementary School.

The carnival, which is mostly for children and teenagers, will be from 6-10:30 p.m. each night Monday through Saturday, said Frank Castleberry, president of Noon Lions.

Jest Amusement Co. will be supplying about seven rides and four booths for the carnival, Castleberry said. Lions Club will also have one booth.

Gary Glanscot, president of the student body at West Texas State, was first to register into the new high rise dormitory on campus Sunday. Looking on during the historic moment from left are Frank Kelley, advisor; Joe Barrett, dorm direcor; and David Davis, advisor.

starting quarterback for the Eagles. "Chuck has got to be one of the finest prospective quarterbacks in the area," commented Mills. Playing behind Mills will be Cliff Prichard at fullback, Bill Moore at wingback and Matt Henson at tailback.

Mike Podzemny and Fred Grona will lineup as ends for the Friday night tilt, while Randal Smith and David Wilkinson will be the starting tackles.

Larry Prichard, who is suffering from a pulled groin muscle and Bob Glisar will be the starting guards. Prichard has been sidelined since Tuesday with the injury but is expected to be at full speed by Friday, Mills said. Sammy Kerbel will be starting at center.

Defensively, any number of gridders could be the starters in the backfield according to Mills.

Kenny Jones, Jess Gunner, Gary Gerber, James Johnson, Mike Shadix, Rocky Chambers and Kirk Ashley are all potential starters in the Eagle defensive backfield. Regardless of who starts at the four backfield posts, all should see considerable action.

Grona will go both ways and will play defensive end along with Roy Markham. Wilkinson and Glisar will also perform double duties as they will start at the defensive tackle slots. Bill Moore, Larry Prichard and Van James will fill the linebacker posts.

"In watching the films of last week's inter-team scrimmage our passing game looked very promising," Mills said.

In past weeks Mills has said that for Canyon to have a strong team they would have to use the airways considerably."

"Our lack of speed is worrying me right now," commented Mills. How the Eagles will perform without any true speedsters should be revealed Friday, as the Snyder team sports several speed merchants.

"I think that our defense has been under-rated," said Mills, "With as many hitters as we have on the defensive unit I just don't see how we can be that weak. If we can kept our opponents from getting behind us I think that we will do allright."

A.J. Pettits Have Reunion

Several relatives of the Rev. and Mrs. A.J. Pettit of 1905 4th Ave. gathered at the Pettit home to visit for the first time together since 1959.

Some arrived Friday night and others arrived Saturday. They gathered for a dinner Sunday.

Visiting with the Pettits are her mother, Mrs. May Pior of Levelland; her brother, Odem Pior and family of Washington; three sisters, Mrs. Frank Franklin and family of Fort Worth, Mrs. J.M. Mayfield and son of Phoenix; and Mrs. Edward Adcock and two daughters of Levelland.

Also visiting were the couple's son and daughter and their families, Mr. and Mrs. Dwayne Pettit of Dallas and Mr. and Mrs. Robert Burgess and their three children of Artesia, N.M.

The Rev. Pettit is minister at at the Assembly of God Church.

Canyon Teacher Returns To City After Institute

Treasure Brasher of Canyon is one of 34 high school science teachers from throughout the U.S. and South Africa who attended an eight-week National Science Foundation Institute in "Project Physic" June 28-Aug. 20 at Northern Arizona University.

The institute, directed by NAU physics chairman Dr. William R. Willis, provided training for general science teachers in the new "Project Physics" curriculum developed in recent years to increase the interest of high school youngsters in the subject.

Staff members of the institute included historian of science Dr. Dwight E. Mayo, astronomer Dr. Richard Hall and physicist Dr. Thomas Thorpe.

News Brief

The Inquirers Class of First United Methodist Church will meet for a covered dish supper at 7 p.m. Saturday at the church.

All members are asked to be present with a covered dish, said Mrs. Doris Jones.

Ronald Davis, Leroy Groves Join Ag Department

Ronald Davis and Leroy Groves have been hired as vocational agriculture teachers for Canyon High School.

Davis will conduct the cooperative part-time training for high school students in vocational agriculture, and Groves will teach production agriculture.

Davis completed a one-week inservice workshop for teachers of the training program in Austin this summer. The CHS program will be open to both girls and boys enabling them to spend part of their school time in on-the-job training with local agricultural business and industrial firms.

"We do want girls also," Davis emphasized.

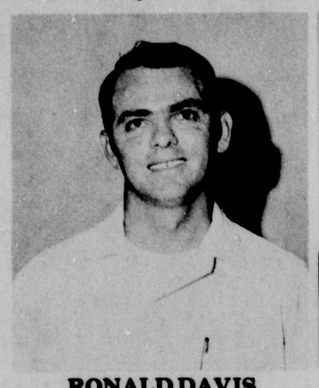

The students will work about 15 hours each week.

Davis received his masters degree from Texas Tech this summer after graduating from Tech in 1968. He spent two years in the Navy. He and his wife Billie Dee have two children.

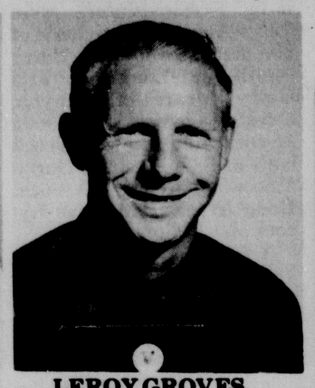

Groves, also a graduate of Tech, taught at Leuders High School and then worked as a science teacher with Eskimo children in Kotzebue, Alaska.

He moved to Bryson as an ag teacher and the joined the Bureau of Indian Affairs on a Navaho reservation in New Mexico. Three years ago he became an education specialist for the the bureau at Crown Point, N.M., and helped direct 21 schools in a 4700 square mile radius.

He and his wife Anita have two children, Kim, 9, and Wendy, 5.
